FACULTY AND ADMINISTRATION

PRINCIPAL LAW EXERTS STRONG LEADERSHIP

Patience, understanding, and the ability to cope with student, faculty, administrative and parental problems are a few of the many personality traits needed to fill a school principal's role.

Mr. Law, who has been with us since the opening of the school, is well-suited to his task. He has earned the respect of the students, the faculty, his fellow administrators and the community as a whole. He helps guide us through our busy days full of studies and activities, helping to make each possible. We are indeed fortunate to have his leadership.

MR. R. MORRIS LAW
PRINCIPAL

*B.F.A., Virginia Commonwealth University
M. Ed., College of William and Mary*

Mr. Law waits to announce how much money Gayle Maas has won, as one of the winners in the Magazines Sales Campaign.

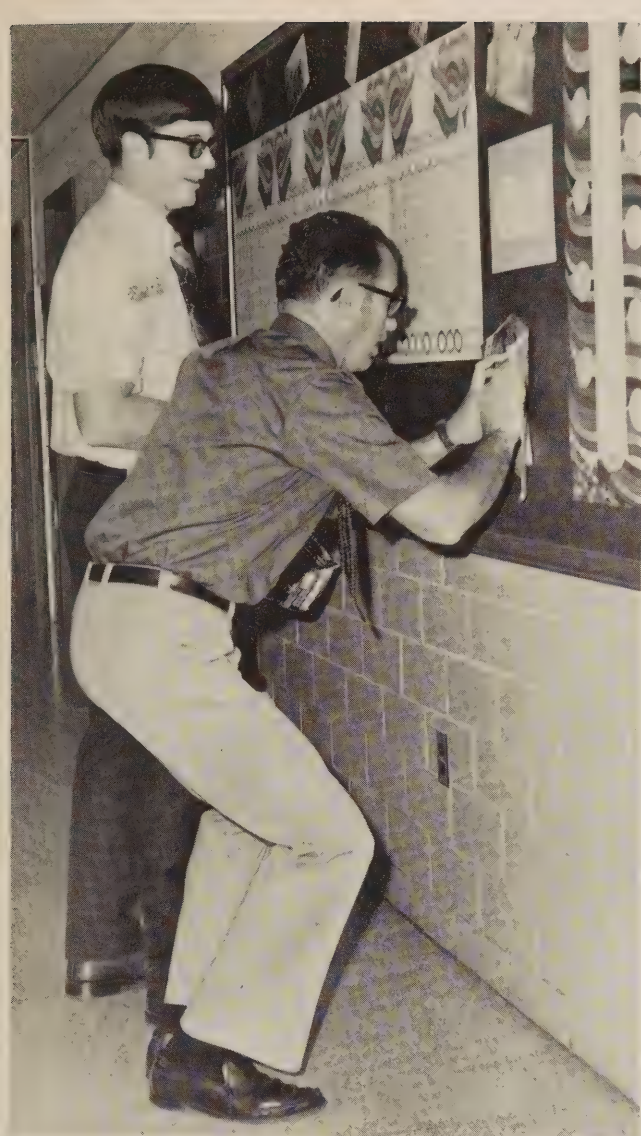

MR. HODGES AND MR. DILLON HELP US IN MANY AREAS

We are also fortunate to have the aid of Mr. Bobby Hodges, as Assistant Principal and Mr. Jerry Dillon as Activities Director. Both of these men devote themselves to our school and its activities.

Mr. Hodges, as Assistant Principal, works to help students and personnel in their daily tasks, and also is there to call on for special programs and problems.

As Activities Director, Mr. Dillon has the monumental task of planning the school's activity program, which includes all school social and sports events. Because of his work, our activities program runs smoothly.

Mr. Dillon and Mr. Hodges team up to fix the Magazine Sales Campaign bulletin board.

MR. JERRY W. DILLON

MR. BOBBY D. HODGES

MR. KERMIT P. FLORA
GUIDANCE DIRECTOR
B.D., Bethany Theological Seminary

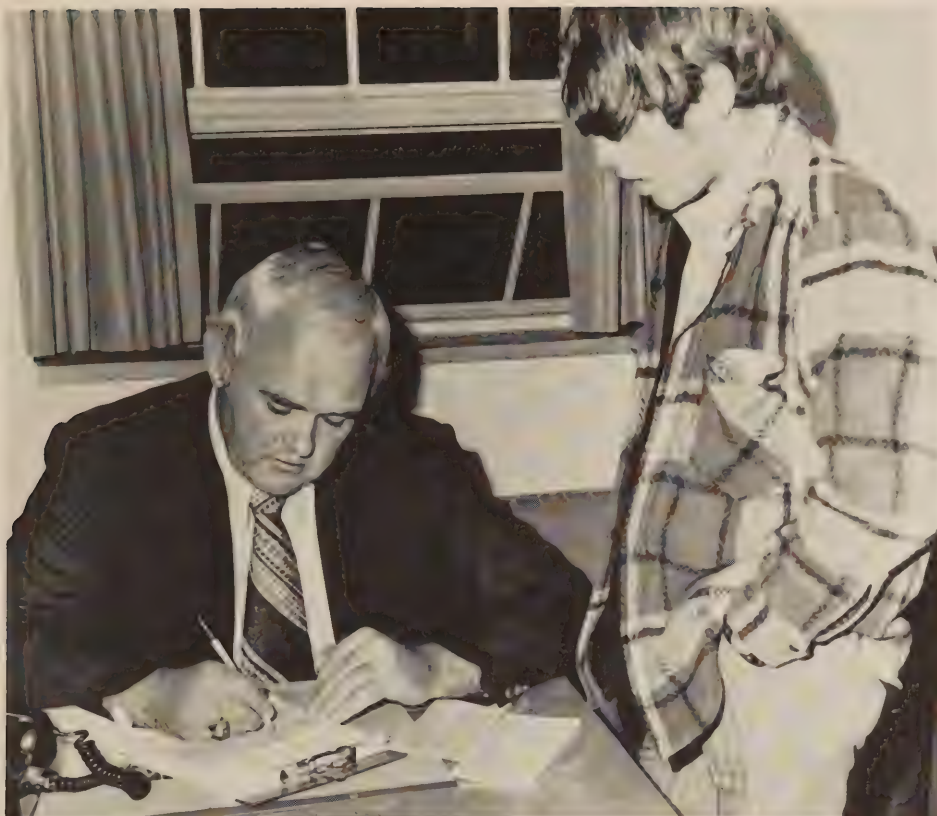

GUIDANCE COUNSELORS AID ALL OF US

Can you imagine what it would be like to give advice to over 1200 students concerning their education and future occupation? Sounds impossible, but it is done each year by the Guidance Counselors!

Mr. Kermit Flora, Mr. Barry Jefferson, and Mrs. Marjorie Jones are responsible for planning schedules and keeping

personal files up to date, as well as administering state tests and helping with student problems.

Although they are always busy with stacks of paperwork, they keep open doors for students and their questions and problems.

As a part of his many duties, Mr. Jefferson signs Barry Blankenship's absentee slip.

Mrs. Jones chats with Susan Montgomery as she goes over some necessary paperwork.

IN GRATEFUL APPRECIATION, AND WITH BEST WISHES— MISS ELSIE TURNER

With regret, and also fond love, we bid farewell to Miss Elsie Turner. Her retirement will leave an empty spot in a school and county system she has meant so much to over the years.

Born and raised here in Franklin County, Miss Turner started teaching here forty-four years ago, upon her graduation from Longwood College. After teaching second grade in the old primary school, she went to the high school, and then came with us nine years ago. She has been, and always will be, an important member of the community and the school. She has served ably on special committees and as Chairman of the Social Studies Department.

Most important, however, has been the love, concern and interest which she has always shown to students, fellow faculty members and parents. She has imparted knowledge, and also that very special gift of herself.

With deep love and appreciation, what more can we say? THANK YOU for all that you have meant to us!

Miss Turner pauses for our camera in the middle of another busy day.

Careful explanation and wide use of materials have always been a part of Miss Turner's classes.

GUIDANCE AND LEADERSHIP FOR THE SCHOOL SYSTEM

MR. C.I. DILLON, JR.
SUPERINTENDENT

We at FCJHS are but one part of a larger educational system throughout Franklin County, and our Superintendent and School Board give guidance to this complex system.

Deciding policy, allocating funds and overseeing instruction are but a few of the duties handled by these dedicated men and women. Mr. Dillon is aided in his work by the following staff:

Mr. T.A. Hartley, Director of Instruction

Mr. Bruce M. Kent, General Supervisor

Mrs. Florella Johnson, Elementary Supervisor

Mr. Joe Ben Jamison, III, Supervisor of
Federally Assisted Programs

Mr. W.R. Jamison, Vocational Coordinator

Mr. Cecil Doss, Supervisor of Transportation
and Maintenance

Mr. Wilson Slaten, Assistant Supervisor of
Transportation and Maintenance

We owe a lot to these ladies and gentlemen who work to provide and improve our educational opportunities.

ILLITERACY BEWARE!

The English Department takes upon itself the seemingly impossible task of educating the masses in poetry, drama, short story, novel, grammar and communication skills.

Just as there are many things to learn, so are there many ways to learn them. Discussion, interpretation, written work, lectures, exercises and filmstrips all enter into the Department's program. English teachers use all of these methods to encourage students to reach a degree of literacy, and, hopefully, advance to appreciation.

A WORLD VIEW

The Social Studies Department, in its World History and World Geography courses, gives the student the opportunity to learn about the world we live in. With emphasis on understanding and appreciation of our world and its people, the department tries to present a truly world view. Students are encouraged to learn and practice good citizenship, to be aware of current events, to strive toward understanding of different

cultures and to know what has gone before them.

Use is made of maps, charts, globes, films and other audio-visual equipment, as well as outside material and the Library. Special reports, projects and activities give students the chance to work on topics of interest to them. This instruction aims toward more informed and responsible local, state, national and world citizens in the future.

Miss Upshur consults with a student and her parents.

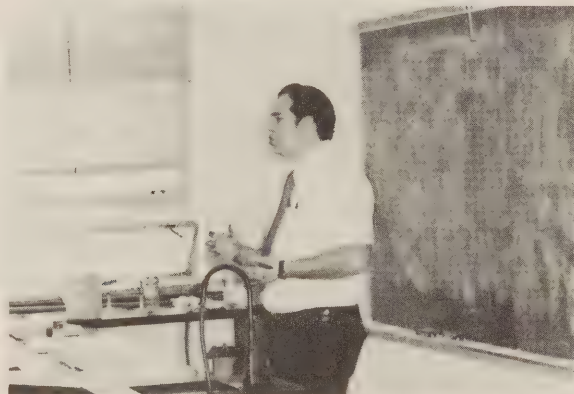

VARIETY AND EXPLORATION IN SCIENCE

Arousing curiosity and impressing students with the importance of the scientific method is a major goal of the Science Department. Class lectures, labs, projects and field work are used to open up the myriad world of science.

Courses in science are offered to stimulate student interest and provide a basis for more detailed courses later on. Students are urged to explore for themselves in lab work and to learn from the beautiful natural surroundings presented by our area.

Math students profit from class explanation.

101 = 5? It certainly does when 101 is in base 2. This is an easy example in the curriculum which teaches students to think for themselves. The Math Department, in its curriculum of general math and algebra, strives to teach students the how and why of mathematical processes.

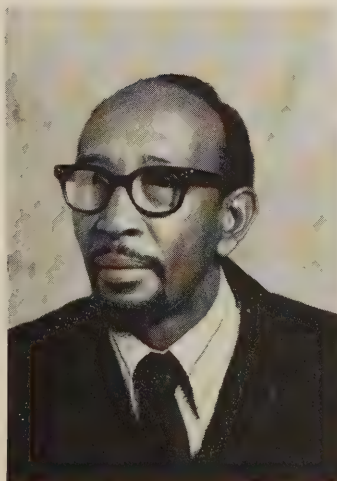

Use of models, filmstrips, puzzles and problems from everyday life helps bring math home to the student. The Department hopes to show the importance of mathematical knowledge both in and out of school.

Home Economics offers students the opportunity of learning to be intelligent homemakers and consumers. Under the leadership of Mrs. Angle, Mrs. Harris and Mrs. Gruver, girls learn basic skills in cooking, sewing and home management. Students learn the fundamentals of nutrition, creative possibilities and the fun and hard work which go along with homemaking.

The girls are given the chance to show the results of their training with the annual Christmas Tea and Faculty Tea, a fashion show and guest meals. This practical experience helps the students in their personal lives from now on.

Vocational Agriculture provides students with the mental and mechanical skills needed for any future vocational goals which they may have in connection with this subject area. "These basic skills in mechanical work and agricultural areas are taught through classwork and special projects carried out by the boys.

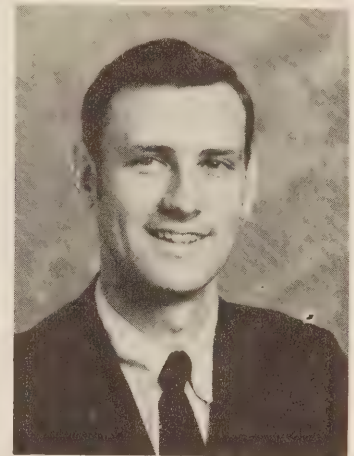

Through local, state and national work through the FFA, students compete with and learn from others. Mr. Foster, Mr. Watson and Mr. Anderson give personal attention to students as they learn and develop talents which will be of use and interest to them, now and in the future.

PHYSICAL, MENTAL DEVELOPMENT STRESSED IN HEALTH AND PHYSICAL EDUCATION

MR. SAMUEL M. HAWKINS
B.S., Livingstone College

The girls' and boys' Health and Physical Education Departments give students the opportunity for physical exercise and mental growth through their programs.

In Health, students learn about diseases, safety, drugs, personal health and hygiene, first aid and environmental health. Here they gain much practical knowledge and have the chance to contribute to the class by projects, discussions and reports.

In Physical Education, the student has an outlet for boundless energy and a means of learning and developing physical skills and aptitudes. Students learn different team sports, and how to work as a team, as well as having the option to show individual talent in solo work, such as in tumbling.

Both courses under this department aid the student in many practical ways, both now and for the future.

MR. JAMES BATEMAN
CHAIRMAN, MUSIC DEPARTMENT
B.S., East Carolina College

INDIVIDUALITY PAYS OFF— IN THE FINE ARTS

Students in the Fine Arts receive a basis for future training in art and music. A wide range of talents are found, developed and expressed in these areas every year. The arts are taught as a basis for future work and as a source of personal satisfaction for the student.

In both music and art, student contributions help make up the class. Each student learns from others in the class as well as the instructor. Music students prepare for contributions to the bands, and Mr. Bateman puts in many extra hours in his musical work. Mrs. Treadway, in her bulletin boards, uses student work to good advantage.

We are fortunate to have these talented teachers to develop and encourage student talent.

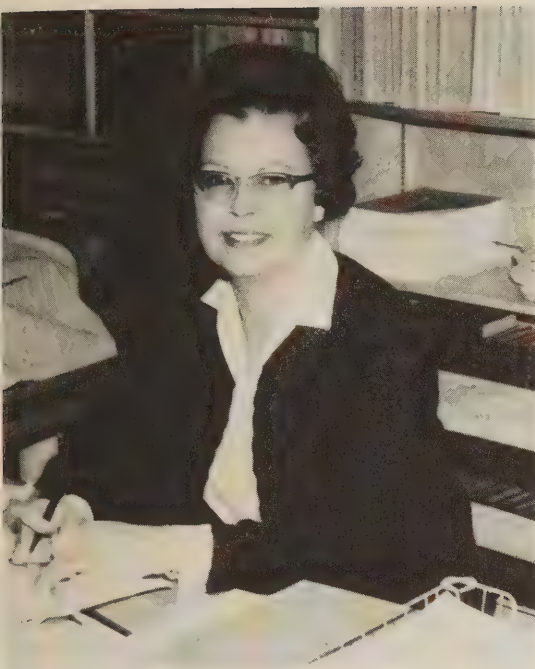

Art students work on Christmas card designs.

Band students practice regularly.

LIBRARY IS RESOURCE CENTER FOR STUDENTS AND FACULTY

MRS. MARGARET H. ANGLE, LIBRARIAN
B.S., M.S., Radford College

As the collection center for books, newspapers, magazines and special resources, the Library is important in the life of the entire school. Students and faculty use this room of knowledge, with the help of Mrs. Angle and Mrs. Phillips.

Students use the Library for homeroom, study hall, special class assignments and general interest materials. The Library and its staff are available for stu-

dent use of materials stocked for this purpose. Books, magazines and newspapers are ordered to stimulate student interest and use.

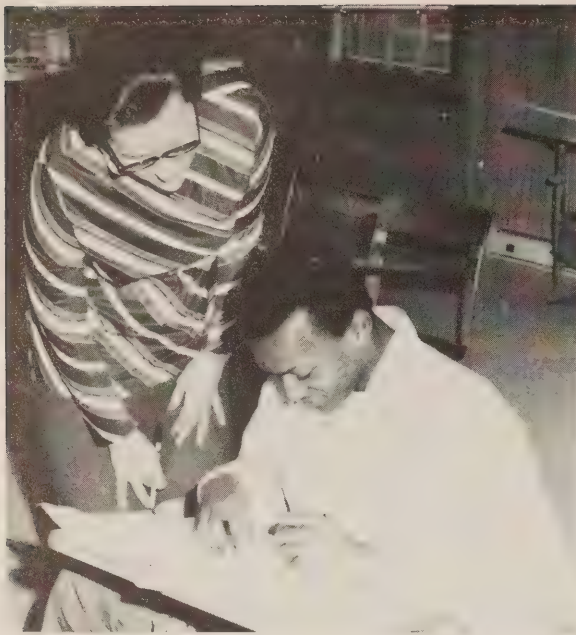

The Library serves as a special resource center for the faculty. Teaching aids in the form of filmstrips, books, pamphlets and other materials are available through the Library. The Library also serves as a faculty meeting area.

Debbie Lucas is the Library clerk.

SPECIAL EDUCATION FOR SPECIAL NEEDS

The Special Education Department, though small, is an important part of of the curriculum at FCJHS. This department has charge of working with those students with special educational needs, and works on a close individual basis to try to fulfill these needs. Mrs. Simmons works in sections of Communication Skills and Mathematics, letting each student progress at his own speed to his level of achievement.

Individualized and specialized materials and teaching procedures allow the students to have more time with the teacher and progress according to their abilities. Discussions and outside materials also add to the class curriculum. Students are encouraged to pursue any topics which may interest them. Mrs. Simmons, though faced with a difficult task, serves with a smile.

BUSINESS AND FOREIGN LANGUAGE TEACHERS SERVE JUNIOR AND SENIOR HIGH SCHOOLS

Business and Foreign Language teachers, though considered on the High School faculty, serve FCJHS as well, especially students in the ninth grade. These talented people work with students in these rather specialized areas which have practical value for later on in life, as well as now.

Languages taught are Spanish, French and Latin. The Business curriculum includes general business and personal typing.

SECRETARIES HELP KEEP US GOING

Three special people in our offices are our administrative secretaries. Mrs. Adams, Mrs. Bussey and Mrs. Montgomery perform their duties with little fanfare, and help our days run more efficiently.

As business manager and bookkeeper, Mrs. Martha Montgomery has charge of school funds, the bookstore and any other special accounts. Mrs. Elaine Adams, school and administrative secretary, is secretary to Mr. Law, Mr. Hodges and Mr. Dillon, as well as taking care of other school matters. Mrs. Regina Bussey is the secretary for guidance and instruction. She plays a large part in the keeping of school records.

We owe a great deal to our secretaries for their fine work for us each day. Their efficiency and cooperation mean a lot to the smooth operation of the school.

Mrs. Adams is kept busy with numerous phone calls.

SPECIAL NEEDS FILLED BY CAFETERIA AND CUSTODIAL SERVICES

We are most fortunate to have two competent and efficient special staffs in our cafeteria and custodial workers. The cafeteria staff, headed by Mrs. Anderson, daily presents a very good meal, served with a smile. They also

outdo themselves at the beautiful Holiday Buffet held each year.

The custodial staff, under the direction of Mr. Curtis Clayborne, faces the monumental task of cleaning up after all of us, and daily does an excellent job.

We can justly be proud of these two fine groups who do so much for us. We can certainly see the results of their work, and their contributions to the school as a whole.

STUDENT GOVERNMENT WORKS FOR ALL OF US

This school year is one of transition for the student government. Reorganization has given us our four student body officers, a smaller student council and homeroom council of decreased scope.

The student council is appointed by selection of the student body officers and Mr. Law, who serves as sponsor. These twelve students represent us in council meetings, and help with the planning of assemblies, club meetings and work and any special projects such as the School Chest Drive and Magazine Sales Campaign. This Council is headed by the four major officers.

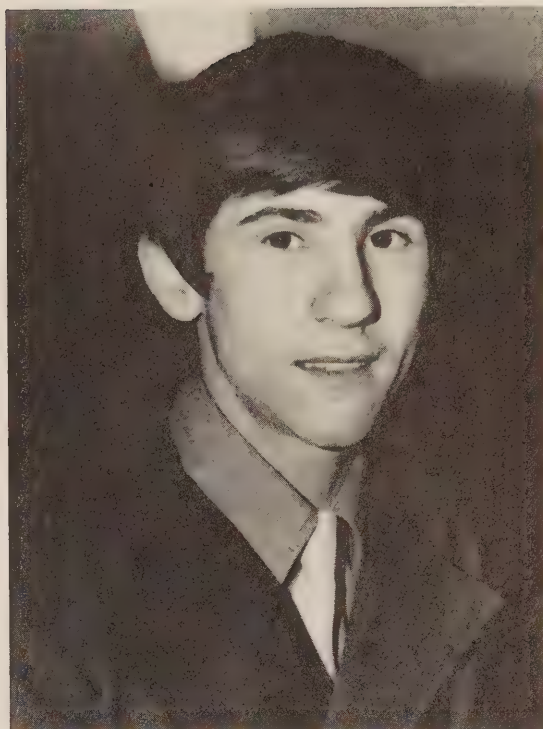

The homeroom council, not pictured on these pages, is made up of all of the homeroom presidents. This group helps with the carrying-out of projects and campaigns.

Council members carry out needed business.

NATIONAL JUNIOR HONOR SOCIETY

We welcome a new, and very important, organization to FCJHS this year—the National Junior Honor Society. While the pictures presented here are not actual club pictures, some of these students could very well be members.

The Honor Society, co-sponsored by Mr. Clayton and Mrs. Shively, is made up of those students who have earned a 3.8 grade point average. Other than the grade point average, students are selected on the basis of citizenship, service, leadership and character. The club anticipates a membership between thirty and fifty, and will be engaged in a variety of activities. Congratulations to those inducted into this group, as it is quite a mark of achievement.

HI-Y— BOYS IN SERVICE TO SCHOOL AND COMMUNITY

This is the organizational year for the Hi-Y, a boys' service club. Led by Mr. Burnett and Mr. Montgomery, the boys are laying the foundation for an important and necessary group. Brotherhood, service and dedication to religious ideals are among the goals of this club.

Like the girls' Tri-Hi-Y groups, the Hi-Y boys participated in service projects, such as helping a needy local family at Christmas. More service projects were undertaken, as the boys lived up to their goals.

TRI-HI-Y—TO SERVE OTHERS

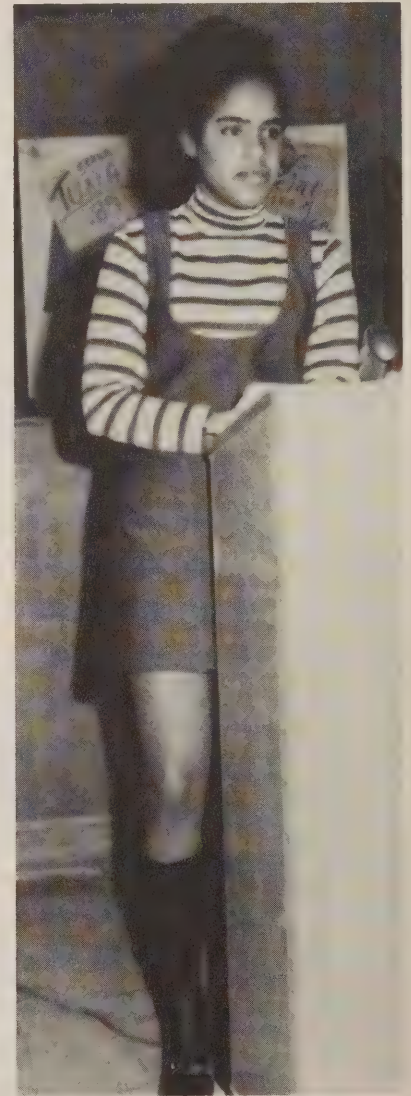

The purpose of the Eighth Grade Tri-Hi-Y is to create, maintain, and extend high standards of a Christian way of life in school and the community. This is a service organization made up of girls who are looking for ways to help others. In pursuit of these goals, each member has a service project to complete in her own community, and for Christmas, members shared with a large needy family. Also, almost half the group attended the District Meeting held in Appomattox. Sponsors of the group are Mrs. Craddock and Mrs. Lynch.

COMMUNITY SERVICE AND AID FROM TRI HI-Y

The Ninth Grade Tri-Hi-Y also places emphasis on school and community service and Christian standards. Under the leadership of Mrs. L. Fisher and Mrs. Altice, the club sponsored many helpful projects. These projects included filling a school showcase with timely creations, making Y-Vote posters during the national election, visiting shut-ins during the Thanksgiving season, making tray favors for the local hospital and collecting toys for the underprivileged at Christmas.

FUTURE FARMERS OF AMERICA

The Future Farmers of America is the largest single club here at FCJHS, since it is composed of all Vocational Agriculture students, who number over three hundred. This club helps students learn and apply skills related to farm life and gives opportunities for local, state and national competition.

One particularly interesting project of FFA is the "pig chain", illustrated below. The club bought a sow, and is using her offspring in a continuing chain for breeding and show purposes. This particular project benefits the boys in many areas, especially in the care and breeding of animals. The club carries on many other projects throughout the year.

The club provides many benefits for its members through its instruction, programs and projects.

SERVICE TO STUDENTS AND FACULTY THROUGH LIBRARY CLUB

The Library Club is a service organization which serves the students and faculty in the library throughout the year. The boys and girls who elect to serve in this capacity find the challenge and the work experience opportunities to be very rewarding while at the same time rendering a most valuable service to the school.

Working under the leadership of Mrs. Angle and Mrs. Philips, the students learn the organization of a library and its functions. These library assistants have the advantage of gaining experience and serving their school at the same time.

4-H—HEAD, HEART, HANDS, HEALTH

The major objective of 4-H Club work is to help students develop into useful and desirable citizens of a democratic society. They learn new and better practices in agriculture, home economics and related fields such as safety and health. Interest in the appreciation of their school, church and community is encouraged so that they may become effective family members and citizens.

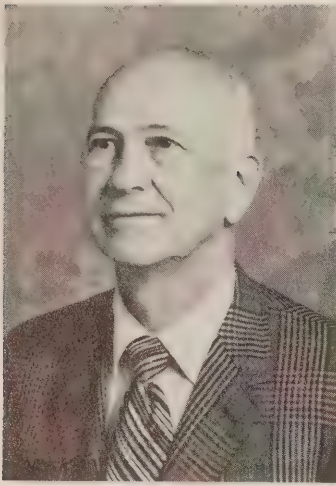

Club members take part in demonstrations and projects for the school, county and state, and participate in meetings and work on all levels. Mr. Louis J. Schiemann serves as sponsor of this active group.

EIGHTH GRADE OFFICERS: Barbara Dennis, Vice President; Donna Hodges, Song Leader; Linda Witcher, President; Nina Leffue, Song Leader; Pat Patterson, Secretary; Becky Dennis, Song Leader

SMILE FOR THE CAMERAS OF THE PHOTOGRAPHY CLUB

We are lucky to have a very special club for students with a particular interest—the world of photography. The Photography Club gives students the opportunity to learn about photography, and also allows them to practice the skills which they learn.

Mr. Flora, as sponsor, gives instruction and shares his hobby, and the school certainly gives an unlimited supply of photographic subjects.

Students learn basic skills, try their luck at composing and taking pictures, and also can develop their own pictures in the dark room.

NINTH GRADE: Row One—T. Jamison, M. Amos, R. Wingfield Row Two: T. Ingram, P. Dudley, M. Law, J. Nunley, C. Murray Row Three—D. Hale, B. Holt, D. Robertson, V. Carter, S. Blankenship, M. Funk

RECORD STAFF GETS IT ALL TOGETHER

Yearbook Business Managers were Mike Amos, Anne Dudley, Glenda Esslinger, and Robin Renick.

Layout sheets, picture croppers, picture identification and selection—all part of the Record staff's work this year. Under the sponsorship of Miss Gibbons, the staff worked long hours to present this year's book, with the hope that it will give a good account of a busy and rewarding year at FCJHS.

Section Editors were the following: Faculty & Administration—Marsha Blair, Joan Boyd, Organizations—Barbara Huff, Deedra Carter, Sports—Lynn Law, Classes—Brenda Holt, Janet Lumpkins, Album—Teresa Boles, Advertisements—Kathy Mullins

MUSIC RINGS OUT! BANDS

From the basement depths, music bursts forth during band periods. Under the direction of Mr. Bateman, students are given the chance to develop skill in various phases of instrumental music.

Pursuing musical instruction, eighth

and ninth grade band students increase their musical skills in preparation for being a part of the high school band, and also for the personal satisfaction and enrichment which comes from this type of work and practice.

FOREIGN LANGUAGE CLUBS

The Foreign Language Clubs are made up of students of French, Spanish and Latin. These students use their club time to learn more about the language, people and customs of the countries represented. Students can take part in the festivities of holidays, as celebrated by the different nationalities, and have a chance to try and learn more of the language by relating it to everyday life.

STUDENTS WORK FOR THE SCHOOL

School spirit is not just cheering at games, trying out for teams and joining clubs—it's also having pride in your school and wanting work for it. By this criteria, we at FCJHS have a lot of school-spirited students in our student cafeteria workers, hall monitors, student assistants and flag custodians.

Student cafeteria workers help "beef" up our cafeteria staff during the busy fourth period, and flag custodians carry out their duties before and after school. Student monitors, under the direction of Mr. Dillon, help control traffic flow during the lunch periods. The student assistants help the custodial staff by cleaning up during the school day. It is important to mention that these students serve on their own time, as volunteers.

We owe thanks to these students for their fine work for us and for their school pride and spirit.

TIME OUT FOR SPECIAL ACTIVITIES AND FUNCTIONS

Everyone looked forward to the special times when the usual routine was broken by assemblies, campaigns and other such functions. Along with regular assembly programs, we also had the Magazine Sales Campaign, the School Chest Drive, student government elections and, of course, the Sock Hop.

We were entertained by the band, choir and movies, and saw recognition given through awards and prizes. The Magazine Sales Campaign and School Chest Drive gave us the chance to work for school and community. These special times added "trimming" to a good year!

SUCCESSFUL SEASON FOR EIGHTH GRADE FOOTBALL

Blocking on the line is an important part of football.

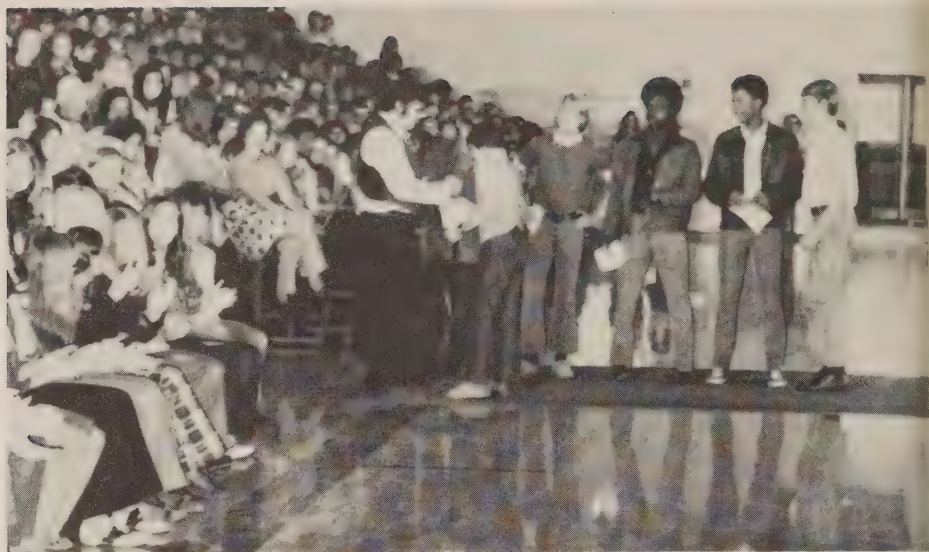

Under the leadership of Coaches Stie and Cooper, the Baby Eagles had a very rewarding season, closing with a 4 and 1 mark for their five games. Showing teamwork, enthusiasm and good sportsmanship, the team represented the school very ably.

The team, very good all-around, was scored on only three times in the season, while picking up over seventy points from their opponents. They gave us a team to be proud of, and we look forward to their further athletic performances.

FRESHMAN GRIDDERS HAVE REWARDING SEASON

The ninth grade team had a very exciting and successful football season. The season had many high spots, including fine individual performances in each game.

Coaches McGrew and McKay led the team to a fine 4 and 1 season record. Importantly, even with the few

set-backs, the team exhibited good sportmanship throughout the season, and made it one to be remembered by those who both played and watched.

The high school will be lucky to have the fine players which we lose to them this year, and we look forward to seeing them continue in their winning ways.

PEP AND ENTHUSIASM FROM THE CHEERLEADERS

Inexhaustible enthusiasm, a big grin, a loud voice, a high jump and unfailing hope—that's a cheerleader. Whether welcoming the players onto the field or court or leading the student body in cheers, our cheerleaders certainly filled the bill.

Under the leadership of Mrs. Hunt and Miss Lester, the girls represented the school well and helped foster school spirit by their enthusiasm and never-say-die attitude.

The Eighth Grade Basketball team, under the leadership of Mr. Boggs, posted a 7-6 record for the season. The team provided exciting moments for all with their ball-handling and teamwork.

INTERESTING SEASON FOR FRESHMEN CAGERS

Under the supervision of Coach Jones, the Ninth grade Basketball team had an interesting season, posting a 6-7 record for the year. Advancing in their basketball skills and knowledge, the players had many thrilling games over a long season.

The Freshmen showed good teamwork, school spirit and sportsmanship and will continue to bring a good basketball name to Franklin County as they proceed to the High School.

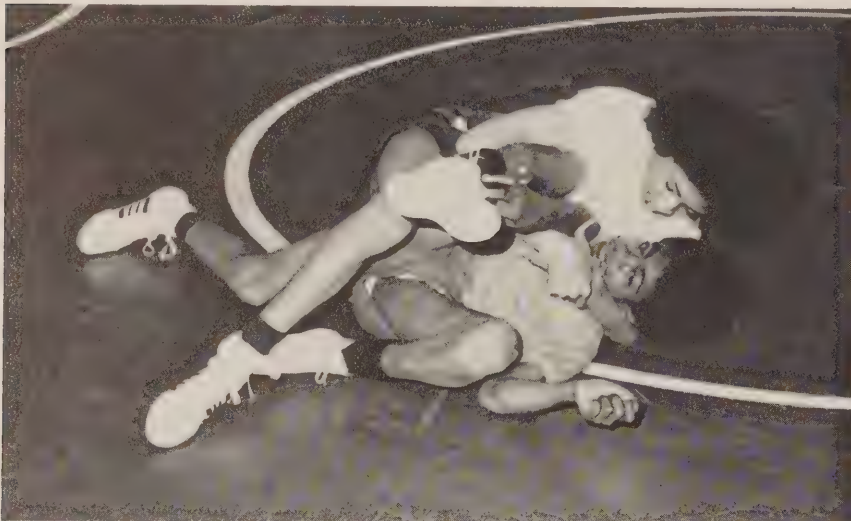

Keith Robertson shoots over the Cave Spring defender.

WRESTLERS WORK WITH HIGH SCHOOL TEAM

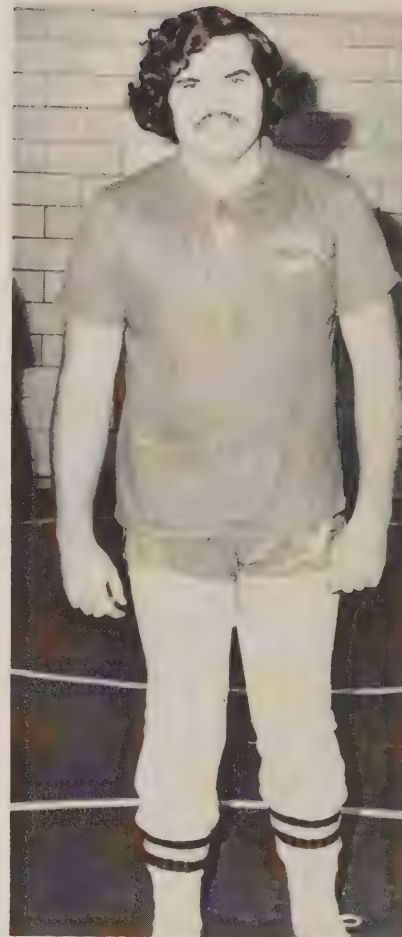

The Wrestling Team at the High School had three Junior High members: George Logan, Early Taylor and Frank Murrow. Early Taylor and Frank Murrow wrestled on the J.V. team in the 98 pound weight class, and George Logan earned a varsity letter for representing the Eagles

in the 98 pound weight class. George had many exciting matches and ended the year with a .500 record.

Mr. McGrew worked with the Junior High representatives on the High School team, and all seemed pleased with the performance and promise of these boys.

George and Early practice one of the many holds in wrestling.

Mr. McGrew served as wrestling coach.

BOYS AND GIRLS TRACK AND FIELD

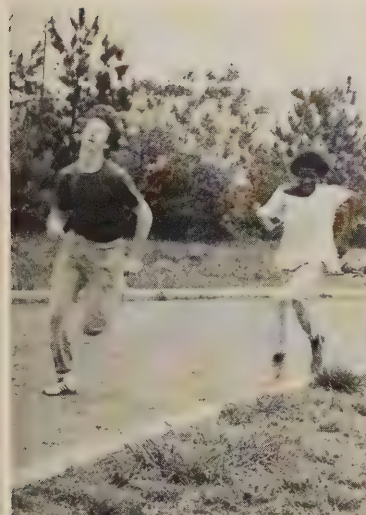

FCJHS was very well represented last year by the boys and girls Track teams. Even with a lack of formal practice sessions, the teams posted a good season for the Baby Eagles.

The boys, coached by Mr. Boggs, Mr. Stie and Mr. McKay, participated in both track and field events, the Eighth graders having a 4-1 season, and the Ninth graders a 4-2 season.

The girls, supervised by Mrs. Payne, Mrs. Hunt and Mrs. McCarthy, participated in the one meet open to girls, and placed second. This meet was held for all the Roanoke Valley District schools.

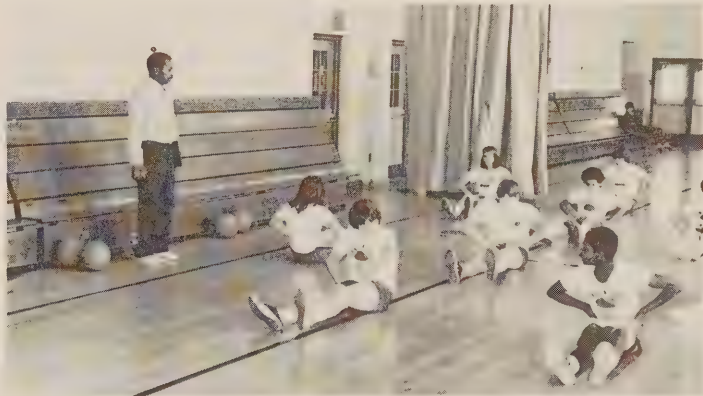

We can justly be proud of these groups, and their achievements, and look forward to more success in track and field.

INTRAMURAL BASKETBALL

The Intramural Basketball program, reorganized this year, is for Eighth and Ninth grade boys who do not play on the regular teams but still want the chance to play ball and learn some of the fundamental skills of the game.

Coached by Mr. Hawkins, this group meets each Saturday morning, and afternoons when the gym is available to them. At each session, the boys try to work on some skills which will help each player improve his basketball ability. They also group into teams and play, trying to keep teams and players as evenly matched as possible.

It is hoped that participants of this program will enjoy playing, improve their playing ability, and be better participants, either as players or spectators.

Whew! Hard to believe this is the last chance we have to say special things left out in other places. We hope that this Record of a good year has given you some remembrances, and maybe a few laughs along the way. We've recorded what we saw and felt and what we all experienced, and feel pride in what we had to show and say.

A very special word of thanks to our wonderful Mr. Flora, who has worked so hard to take the fantastic pictures we've been so pleased to work with. He is so great to share his talent with all of us. Thanks also to Mrs. Treadway for her help, and to Mr. Law for his support.

Thanks also to y'all, for after all—we wouldn't have been able to do any of this without you!

That's all for this year! See you in September.
